

PRICING

We operate 365 days per year, offering both daytime and evening charters. Our evening charters generally have the same rates throughout the year (the exceptions being on special event evenings such as NYE). For daytime charters our pricing varies based upon the season and then according to the day of the week.

- **Season:** winter has the lowest rates, spring/autumn shoulder months are higher and then May through October rates are highest.
- **Day of the week:** non-holiday midweek lowest; Sundays and public holidays higher; Saturdays (and public holidays that fall ahead of a weekend or another public holiday) highest.

We provide a full quote for each enquiry received – please get in touch via info@islandjunks.com.hk or +85268954443 and we will reply promptly with full details.
